

MEDICINE HAT SCHOOL DISTRICT NO.76

POLICY ON POLICY REVIEW

BACKGROUND

The Board believes that the policy manual requires regular reviews to remain current and viable. The Board recognizes that policies may need minor or major revisions to work well for Medicine Hat School District No. 76. The Board believes that regular reviews can maintain a policy document that best meets the needs of the school district.

POLICY

The Board will review the policy manual by sections on an annual basis and recommend policies to be examined in detail by the Coordinating Committee. The annual review will include two (2) sections per year so that over a five (5) year period all policies will be considered for revisions.

GUIDELINES

1. If the policy requires **no revision**, a reviewed date will be added to the bottom of the policy.
2. If the policy requires **housekeeping revisions**, that is, the changing of a title, or wording that makes no change in intent of the policy, the Board may make such revisions at a public meeting of the Board.
3. If the policy requires **minor or major revisions or elimination**, the Board will recommend changes to the Coordinating Committee.
