KEY BUDGET ASSUMPTIONS

INFORMATION

2020-21 2019-20 Increase Spring Fall (Decrease)

Enrolment:

Budget is based on student count 7,472 7,406 66

students

Grant Rates:

An entirely new funding model was implemented by the Province for 2020-21. There has been a two year transition to the new funding model. In 2019-20 the Division received \$3.5 million less than it received in 2018-19. For 2020-21 the Division will receive \$564,500 more than it received in 2019-20. As a result, over the two year period the Division will receive a net \$3.0 million lower in funding from 2 years ago.

The Classroom Improvement Fund is included in the above numbers, which was a loss of \$917,000. Adjustments were made to the budget last year so that a portion of the lost funding had been dealt with in 2019-20. Note that the 2019-20 budget was not released until fall 2019 and the Board chose to run a \$2.3 million deficit to be funded out of reserves.

The remaining \$2.1 million of revenue loss has been adjusted in services and operations in the 2020-21 budget.

Salaries and Benefits:

The salary and benefit projection is based on known and estimated increases.

- Teachers No increase has been budgeted 0%.
- Other groups No increase has been budgeted 0%.

In Summary:

The budget reflects a balanced budget.

BUDGET OVERVIEW

SPRING COMMENTS

Grants:

Instruction - It is very hard to itemize the specific grant changes due to the restructured new funding model. So these comments will for the most part reflect the Instructional Grants in total.

- Instructional Grants were decreased from 2019-20 by (\$3.2) million. The hardest hit areas were as follows:
 - PUF No longer covers Kindergarten students with severe learning codes. PUF is no longer an enveloped fund and is now only intended to cover Pre-K aged students. Decrease of (\$2.8) million in funding.
 - Small Schools by Necessity SSBN was eliminated decrease of (\$488,000).
 - Outreach Programs Funding decreased from \$314,900 to \$150,000 a reduction of (\$164,900).
- There is transitional funding of \$2.7 million. It is our understanding that this funding is intended to be reduced as additional funds are needed to fund growth in student FTE. The net impact of that process is yet to be seen.

Facilities

- O&M (Operations and Maintenance) Increased by \$1.0 million or 16.9%. O&M has been a long standing underfunded area of the school system.
- IMR Decreased by (\$131,300) or (8.5%).
- O&M is now an enveloped fund, which means it can not be used on anything else and any unused money carries forward to the next year. We are budgeting a small deficit for next year.

Transportation

• Transportation funding is now block funded for the next three years. The amount is what we received in 2019/20 plus 5%. The increase to the Division is an additional \$69,100.

SPRING COMMENTS (continued)

Grants (continued)

System Administration

 This is a new source of funding, in previous years there was not any specific funding of System Administration, rather there was a cap on the amount used from other funds for administration. This new grant amounts to \$2.9 million.

External Services

• No changes are expected in funding for 2020-21.

In Summary

Year Over Year - Enveloped Grants such as IMR and POM have increased \$871,500, while non-enveloped grants had decreased \$307,000.

Local Revenues:

- Anticipated increase in Local Revenues of \$228,500 the major changes are as follows:
 - Catholic Division Grounds has chosen to use a different service provider for their grounds maintenance decrease (\$109,000).
 - Play & Learn Program increase in fees \$175,500.
 - SGF increase due to new culinary program at MHHS increase of \$148,600.

Salaries and Benefits: (S&B)

- Salaries and Benefits decreased by \$547,900 or .8% of 1%.
- Average teacher salaries increased due to grid movement costing an additional \$381,000.
- Benefit costs have also increased by \$254,000 due to an increase by the provider ASEBP, which is the first increase in many years.
- Certificated FTE have increased by 4.89 FTE and non-certificated have decreased by (40.7) FTE, for a total net decrease in staff of (35.9) FTE.
- PUF Decreased FTE by (6.7) Certificated, (43.5) EAs and (1.1) Clerical. Services in PUF have been reduced due to funding.

SPRING COMMENTS

Salaries & Benefits (continued)

- Schools Increased FTE by 11.5 Certificated staff. It must be kept in mind that the exact FTE can not be determined at this stage of the staffing process. Schools receive the dollars that flow from the above staffing allocation model. The school administration determines what their highest needs are and whether they will use the funds to acquire Teachers or EAs.
- Non-Union Increase by 2.8 FTE. The 2 are due to a self-funded initiative in the MHHS culinary program. There is also an additional FSLW that was previously a purchased service from AHS.

While we reduced (35.9) positions or (4.9%) of our staff, Salaries & Benefits only went down (\$547,900) or (.8) of 1% due to other pressures noted above.

Purchased Services:

Instruction

- PUF Due to funding a decrease, services bought from third parties were also reduced (\$599,800).
- Schools Budgets were reduced due to the previously eliminated student fee funding. The Schools will no longer provide basic instructional supplies in K-6 Decreased by (\$517,500).
- Central Instruction Decreased by (\$41,600).

Gross decrease of expenditures in Instruction of (\$1,158,900).

Plant, Operations and Maintenance - POM increased by \$176,100 mostly due to the following:

- Utilities Increased by \$48,000.
- Property Insurance Increased by \$40,300.
- Custodial Supplies Increased by \$45,500.
- Security and monitoring Decreased by (\$23,000).
- IMR Increased by \$60,000.

Transportation - Increased by \$34,100 mostly due to a 1% general increase for Southland and one additional bus for next year.

System Administration - Decreased by (\$21,100), mostly due to a number of small cuts in order to free more resources for the classroom. The above is net of an increase of \$9,900 from liability

SPRING COMMENTS

Insurance.

External Services - Reduced by (\$34,900) mainly due to the loss of the grounds maintenance contract for the Catholic Division.

Overall Purchased Services decreased by (\$1.0) million.

Capital Expenditures and Funding:

There are no major capital projects budgeted for 2020-2021.

- IMR projects have decreased by (\$25,600).
- Technology Projects have decreased by (\$250,800).
- Facilities equipment replacements have increased by \$45,000.
 2019-20 was a low replacement year. The 2020-21 amount of \$109,000 is closer to the typical year.

Reserves:

Operating Reserves - are projected to be in good shape. At the end of 2018-19 the Division was at 5.67% of Operating Expenditures, which is slightly higher than the Provincial target of 5% as a maximum. However the surplus from the 2018-19 year caused that. We projected to be around 4.66% by the end of the 2020-21 year, which is only 11.6 days of operating costs.

Capital Reserves - are projected to be at \$458/student which is slightly higher than the Provincial average.

STUDENT ENROLMENT

INFORMATION

Enrolment has generally been steady in the Division over the last five years, averaging .2 of 1% growth per year. Last year was the first year in many that we saw a slight decline in enrolment of 1.1%.

The Province is projecting growth of .2% or 16 student FTE for Medicine Hat Public for 2020-21.

The Division is projecting an increase in enrolment of .9% or 66 students from K to 12 for September 2020. The Division's projection is based on a number of indicators including completed registrations and past experience.

Projected enrolment for the fall is 7,472 students or 7,088 FTE.

STUDENT ENROLMENT

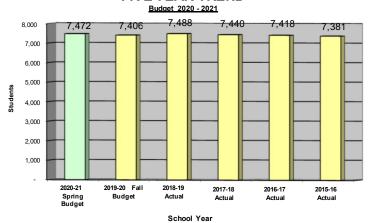

2020-2021 BUDGET

Enrolment Comments:

Enrolment for September 2020 is projected to grow by 66 students or .9 of 1% year-over-year.

STUDENTS AND STAFF

INFORMATION

Funding - Due to the new funding model, which resulted in \$2.8 million less funding than we received in 2018-19, considerable changes were necessary.

- ➤ PUF The hardest hit was PUF which resulted in the reduction in FTE of 6.7 teachers, 43.5 EAs and 1.2 Clerical.
- ➤ Outreach Programs Was an area also hit hard. As a result, the Outreach Programs have been restructured, with McMan Real and Saamis Real to be closed and Central High to be moved to the College in a new partnership. The result is 5.2 less Teacher FTE and 1 less EA.
- ➤ Allocation Model The staffing allocation formula for schools was enhanced thereby pushing out an additional 16.7 FTE equivalent teaching staff. The school principals will determine how they will spend those resources on Teachers, or EAs. So a precise number of FTE is not possible at this time.
- ➤ FSLW We have added 1.0 FSLW (Family School Liaison Workers) which was previously a purchased service from AHS.
- ➤ MHHS has started a culinary program which added 2 FTE.

Net Totals:

- Teachers additional 4.8 FTE.
- Educational Assistants reduction 42.4 FTE
- Clerical reduction 1.2 FTE
- > FSLW additional 1.0 FTE
- > Culinary Staff additional 2.0 FTE.

Grants and Other Revenue

INFORMATION

The School Division funding source is primarily the Province of Alberta. Ninety-five percent (95%) of our money comes from Grants, two percent (2%) from School Generated Funds and the remaining three percent (3%) from other sources such as fees, sales and interest.

In 2019 the Province completely restructured their Funding Model. From the Division's funding in 2018-19 (pre-restructure) we received a total of \$87,779,400 compared to 2020-21 (first year of the restructured model) at \$84,946,000, a net reduction of \$2,833,400 over the two year span. However, it should be noted that 2020-21 is slightly better than 2019-20 (the current year) by \$540,700.

The hardest hit area is the Program Unit Fund and the services that will be affordable for those K and pre-K children. Other areas that saw significant reductions are Small Schools by Necessity and Outreach Program funding.

On the other side Operations and Maintenance and Transportation have seen slight increases.

It is a new world in terms of the funding model and the Division has made significant changes to adapt.

SALARIES AND BENEFITS

INFORMATION

The Division is the third largest employer in the city following the hospital (Alberta Health Services) and the City of Medicine Hat.

The Division employs over 400 teachers and close to 300 non-teaching staff.

The average salary costs (excluding benefits) for key staff positions for 2020-2021 is anticipated to be as follows:

Teachers	\$90,300
Educational Assistants	\$30,400
Clerical	\$41,300
Custodians	\$46,500
Caretakers	\$37,400

Salaries and benefits account for approximately 77% of the Division's operating budget.

The Division has three distinct employee groups:

- ➤ ATA Includes all teachers including classroom teachers, Principals, Vice-principals, Department Heads, etc.
- > CUPE Includes Educational Assistants, Clerical and Custodial staff.
- Non-Union Group Includes most of Central Office staff and some of the staff in Facility Services.

INSTRUCTION

PROGRAM

All costs under the area of Instruction relate to school programs and services.

This includes the following:

- > School Staff Teachers, Educational Assistants and school based Clerical staff
- ➤ Division Educational Staff Coordinators, consultants, behavioural and psychological staff, special needs support services, curriculum and program supports
- Professional Development (PD) centralized, school-based and individual PD
- ➤ Optimal Learning Consultants
- > School Counselling
- External professional services such as speech, audiology, occupational and physical therapy, and psychological supports
- ➤ Information Technology services
- Print services

Some of the other programs include the following:

- > First Nations, Metis and Inuit programming
- > Outreach and Alternate Programs
- ➤ Institutional Programs
- ➤ Inclusive Learning Supports
- Outdoor Education
- School Resource Officers
- ➤ Library Services

OPERATIONS AND MAINTENANCE SERVICES

PROGRAM

The Operations and Maintenance (O&M) block is responsible for the services to create and operate our school facilities.

These services include the construction, operation, maintenance, safety and security of all school and ancillary buildings.

Costs include the following:

- > Director of Facilities and support staff
- ➤ Maintenance Department HVAC systems, electrical, plumbing, carpentry and painting
- ➤ Grounds Department grass and weed control, shrubbery, snow removal, parking and fields
- ➤ Custodial and caretaking services both during the day and in the evenings
- > Facility operating costs such as:
 - ♦ Utilities
 - ♦ Waste removal
 - ♦ Furniture and equipment maintenance and renewal
 - ♦ Building security fire and security systems
 - ♦ Property insurance

TRANSPORTATION SERVICES

PROGRAM

The expenditures for the Transportation program are for services related to the transportation of students to, from and between schools.

Costs include the following:

- > Transportation Coordinator
- > Bus route design, review and mapping of routes
- Conveyance of students to and from school through various modes, including:
 - ♦ Contracted Yellow Bus services (Southlands)
 - ♦ ELP specialized services
 - ♦ City Handi-Transit services
 - ♦ Other specialized transit services
 - ♦ Parent conveyance

In 2014 the Division tendered the transportation services resulting in the following:

- ➤ Annual savings of \$ 1,288,000 over the first 5 years of the contract
- > A Fleet of new buses
- ➤ Environmentally friendly and quiet buses which run on propane
- ➤ Installation of video surveillance on all buses to enhance the safety and security of all students
- ➤ A service provider with considerable industry experience and commitment to the safe and efficient transportation of our most precious cargo ~ our children ~

SYSTEM ADMINISTRATION

The area of System Administration includes:

- Board of Trustees
- Office of the Superintendent, Human Resources and System Instructional Support
- Business and Finance

Trustees - Governance expenses pertain to the activities related to the work of the elected Board of Trustees. These include trustee honorariums, travel expenses and membership fees such as the Alberta School Boards Association (ASBA) and the Public School Boards Association (PSBA).

Superintendent - The Office of the Superintendent, Human Resources and System Instructional Support includes expenses related to the overall jurisdiction and the administration of it. This includes the Superintendent, the Deputy, Associate, and Assistant Superintendents and their support staff. The expenditures relate to system planning, staff planning and oversight, new programs, monitoring and evaluation of programs, schools, school administrators and staff.

Secretary Treasurer - Business Administration oversees all disbursements, payroll, general accounting and budgeting. The Secretary Treasurer, the Director of Finance, the Finance Department and support staff are all included in this area. Additional services include insurance oversight, legal services, as well as executive oversight of transportation and facility services.

EXTERNAL SERVICES

SERVICES

The area of External Services covers all other activities of the Division that are ancillary to the core educational services mandated under the School Act. External Services includes projects that are funded by ministries other than the Ministry of Education, as well as other non-educational Division services.

Services and programs include the following:

- ➤ My Place Project
- > Helping Us Grow Project
- > Food services in our cafeterias
- > Grounds maintenance at Medicine Hat College.

The School Act mandates that these services can not be run at a loss and the Division is proud of the fact that we have always complied with this requirement.

CAPITAL BUDGET

CAPITAL BUDGET

While capital construction projects, such as new schools, are included in this area these projects are dependent on provincial prioritization and funding.

Capital expenditures also include:

- > furniture and equipment replacements
- > student desks
- > shop and CTS equipment
- > computers
- > printers
- > smart boards
- > servers and network infrastructure
- > security systems
- > PA systems
- > telephone systems
- > grounds equipment lawnmowers, etc.
- vehicles
- > countless other items

Capital includes any item that will last more than one year and with a cost in excess of \$5,000.

Capital items are capitalized. This means that if an item is deemed to be a capital expenditure it does not appear immediately in the statement of operations (i.e. as an expense). Rather it is amortized (or expensed) over the assets estimated useful life.

RESERVE BUDGET

RESERVE BUDGET

Reserves are essentially unused or excess funds from prior operating budgets.

Reserves are grouped into two main categories:

- Operating Reserves
- > Capital Reserves

The Province mandates that once funds are put into Capital Reserves they must only be used on capital projects unless Ministerial approval is obtained.

The Division further identifies reserves as either:

- Committed or
- Discretionary

The Division determines that a reserve is committed - if it relates to a specific project or is being held for a committed purpose - such as School Generated Funds (SGF), school based budget carryovers and funds raised through fundraising initiatives.

Unrestricted Net Assets are similar to reserves in that they are unused funds from prior operating budgets. The difference is they have not yet been allocated to a specific reserve.

Reserve Management Notes:

- Note (1) The above transfers represent a transfer to maintain the Working Capital Reserve at 2.5% of Budgeted Operating expenditures. This transfer will only be made to the extent it will not put Unrestricted Net Assets into a negative position.
- Note (2) The Unrestricted Net Assets balance should be adequate to cover any operating deficits, however the Board approves that the excess, if any, shall come out of the Board's Discretionary Operating Reserves or the Working Capital Reserve effective the respective year end.
- Note (3) This transfer is to transfer some of the excess unrestricted funds into Board Discretionary Reserves. This transfer will only be made to the extent it will not put Unrestricted Net Assets into a position of less than \$800,000.
- Note (4) The above transfers represent an estimated transfer to/(from) restricted unused school based budgets and commitments from prior years. The actual transfer will reflect actual carry forward balances at year end.
- Note (5) This transfer is to reflect any changes in SGF balances. A reserve must be set up to ensure these funds are kept for the respective schools. The balance of this reserve will equal the SGF included in net assets at year end (August 31).
- Note (6) The above transfers out of Capital Reserves are based upon budgeted Capital Expenditures. If costs are less than budget the draw from the reserve will be adjusted accordingly.
- Note (7) The above transfers into Capital Reserves are based upon unsupported budgeted amortization if actual amortization is different the Administration is authorized, at their discretion, to adjust to approximate the actual amortization numbers.
