thank
you

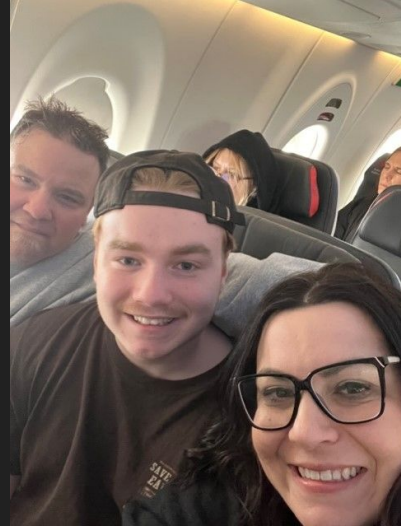

First I would like to thank Mr. Davidson, the S.D.76 school Board, Jerry, Leanne, Janine, and Ms. Barth for allowing us to travel Internationally. They helped me navigate some very uncharted areas and fielded my never ending questions.

This group of grade 12 students approached me at the beginning of the year asking me to plan a trip to New York. I honestly wasn't ready to travel internationally with a group of students. After looking at what these students have endured the last four years, I felt the need to take them on a once in a lifetime trip. Our students have adapted and pivoted, and if I can say anything they truly deserved this opportunity.

While we were gone to New York I asked each student to create a video/picture journal of their experiences. This entire presentation is put together by the students (with a few exceptions). It is difficult to have the students engage in projects and assignments as many are no longer in my classes this year.

Things that I have learned on this trip:

- This group was exactly what I needed at exactly the right time. These students were the most grateful and appreciative students I have ever had the privilege to travel with.
- Even 17-18 year old students still need their “mom or mom figure” while travelling.
- That we need to be prepared for anything and everything while travelling.
- That the world is changing and what once worked on a trip may not work in the current situation.
- We are very fortunate for the accessibility to post-secondary education in Canada in regards to cost.
- That New Jersey Devils hockey fans are INTENSE!!!
- This trip was so much more work than I remember in regard to planning, but it was worth it in the end.
- That these in-school trips are so incredibly valuable! Thank you so much for allowing us to use school days to attend these trips. I would not have had the opportunity to take students on trips like this without your support, as the days/events do not coincide with school holidays/days off.
- A good pair of athletic shoes are worth every single dollar.

Thank You!!!!
