

Board of Trustees,

To say that I am grateful for your continued support would, quite honestly, be an understatement. The ability to pursue one's passion and attend post-secondary education is a genuine privilege, and I consider myself to be truly fortunate to have such an opportunity.

I very much look forward to continuing my studies and explorations, and I send my sincerest thanks to you for your generosity and your kindness along the way. Wishing all of you the finest in the coming new year.

Yours,

Tyler Casart
