KEY BUDGET ASSUMPTIONS

<u>INFORMATION</u>

2020-21 2019-20 Increase Spring Fall (Decrease)

Enrolment:

Budget is based on a student count of 7,285 7,087 198 students

Grant Rates:

The 2019-20 provincial budget was not released until fall 2019 and the Board chose to run a \$2.3 million deficit to be funded out of reserves.

An entirely new funding model was implemented by the Province for 2020-21. In 2019-20 the Division received \$3.5 million less than it received in 2018-19. The Classroom Improvement Fund is included in the above numbers, which was a loss of \$917,000. Adjustments were made to the budget in 2019-20 year so that a portion of the lost funding had been dealt with in 2019-20. As a result, over the two year period the Division will receive a net \$2.8 million lower in funding from 2 years prior.

In 2021-22 we will receive a further reduction of \$375,100 due to enrolment decline due to COVID and which we do not think will fully recover in 2021-22. The Board has decided to soften the impact to our schools for another year by running a \$757,000 deficit in 2021-22. There are adequate reserves to finance the deficit.

Salaries and Benefits:

The salary and benefit projection is based on known and estimated increases.

- Teachers No increase has been budgeted 0%.
- Other groups No increase has been budgeted 0%.

BUDGET OVERVIEW

SPRING COMMENTS

Grants:

Instruction - There was an increase to Instruction funding and a few new funding categories created under Specialized Learning Support (SLS) and Moderate Language Delays. It comes at the cost of reductions to funding under facilities.

- Instructional Grants from Alberta Education increased \$1.1 million.
- There is also "transitional funding" which increased a further \$310,000 to \$3.0 million. It is our understanding that this funding will be reduced as additional funds are needed to fund enrolment growth throughout the province. The net impact of that process is yet to be fully understood.
- The Division received \$2.6 million to assist with COVID costs in 2020-21. There is no expectation of Federal funding in 2021-22.

Operations and Maintenance (O&M)

- O&M Decreased by (\$446,100) or (6.4%). O&M has been a long standing underfunded area of the school system.
- IMR Decreased by (\$463,100) or (33%).
- Total reduction to Facilities operational funding was (\$934 thousand) or (7.9%).

Transportation

• Transportation funding is now block funded for the next three years. The amount is what we received in 2019-20 plus 5%. There was no change in 2021-22.

System Administration

• This was a new grant in 2020-21 which amounted to \$2.9 million. There was no change in the grant amount for 2021-22.

External Services

• No changes are expected in funding for 2021-22.

SPRING COMMENTS (continued)

Grants (continued)

In Summary

• Year Over Year - Funding from Alberta Education increased by \$218,900 while Federal funding decreased (\$2,594,900).

Local Revenues:

- Anticipated increase in Local Revenues of \$74,000 the major changes are as follows:
 - International Student Tuition Increase of \$140,000.
 - Investment Income Increase of \$4,000.
 - City Grant (CFSS) one-time grant in 2020-21 so for 2021-22 it will decrease (\$50,000).
 - Rental of Facilities decrease due to COVID access for Joint Use - decrease of (\$20,000).

Salaries and Benefits: (S&B)

- Average teacher salaries increased due to grid movement costing an additional \$338,400.
- Benefit costs have also increased by \$227,500 due to an increase by the provider ASEBP.
- Certificated FTE have decreased by (5.2) FTE and non-certificated have decreased by (9.5) FTE, for a total net decrease in staff of (14.7) FTE.
- There were 11.4 Certificated FTE that were funded in 2020-21 with Federal funding for COVID, that could not be replaced in 2021-22. The Division added back 6.2 FTE to assist with the enrolment growth. There was a net reduction of (5.2) FTE.
- There were 9.6 EAs that were funded in 2020-21 with Federal funding for COVID, that could not be replaced in 2021-22. The Division added back 1 additional FTE and filled 7 previous budgeted but unfilled positions. The net position loss is only about 2 FTE.
- Salaries and Benefits decreased by (\$577,800) or .(8%) of 1%.

SPRING COMMENTS

Purchased Services:

Instruction

- COVID funding Was used partially for purchased services such as hand sanitizer, cleaning supplies, masks, shields and other items related to dealing with the pandemic. In 2020-21 \$757,200 was used for the pandemic costs. This will result in a reduction of purchased services in 2021-22.
- Schools Budgets were increased to the enrolment growth by \$89.200.
- Pre-K (PUF) Will also see an increase of \$39,200 for purchased services.
- Net decrease of Instructional expenditures of (\$534,500) or (6%).

Operations and Maintenance - O&M decreased by (\$502,100) mostly due to the following:

- Property Insurance Increased by \$120,300.
- Utilities decreased by (\$120,300).
- O&M Support for the Christian School Decreased by (\$50,100).
- IMR Decreased by (\$463,100) due to offsetting funding reduction.

Transportation - Increased by \$6,300 mostly due to a 1% general increase for Southland Transportation and there were some offsetting reduction in Special Transportation Services.

System Administration - Decreased by (\$24,000), mostly due to a number of small cuts in order to free more resources for the classroom, including reduction to travel budgets.

SPRING COMMENTS

External Services - Reduced by (\$3,700) mainly due to the increased benefit costs resulting in a reduction of funding available for purchased services.

Overall Purchased Services was decreased by (\$1.1) million, of which (\$757,200) was due to the lost COVID funding.

Capital Expenditures and Funding:

There are no major capital projects budgeted for 2021-2022.

- CMR projects have increased by \$281,900.
- Technology Projects have decreased by (\$201,700).
- Facilities equipment replacements have increased by \$16,000.

Reserves:

Operating Reserves - are projected to be in good shape. At the end of 2019-20 the Division was at 5.15% of Operating Expenditures, which is slightly higher than the Provincial target of 5% as a maximum. However the budgeted deficit from 2020-21 and 2021-22 should bring the surplus down to under 4%. This translates into only 9.8 days of operating costs.

Capital Reserves - are projected to be at \$554/student which is slightly higher than the Provincial average.

STUDENT ENROLMENT

INFORMATION

Enrolment had generally been steady in the Division over the previous five years, averaging .5 of 1% growth per year. 2019-20 was the first year in many that we saw a slight decline in enrolment of (1.1%). However, in 2020-21 with the pandemic we saw a significant decline of 319 students or (4.3%). This was a province wide phenomena.

The Province is projecting growth of 94 student FTE or 1.3% for Medicine Hat Public for 2021-22.

Enrolment for the fall of 2021 is estimated to rebound to 7,285 an increase of 198 students or 2.8%.

STUDENTS AND STAFF

INFORMATION

Funding - The Division is projecting enrolment to be up 198 students from our fall numbers but we are still down 121 from our Spring 2020 projected enrolment. As well, we will not be receiving Federal funding for COVID as we did in 2020-21.

- ➤ COVID Funding The loss of the federal COVID funding would account for 11.4 less certificated FTE, 9.6 less EA FTE and 1.0 less non-union clerical FTE.
- Enrolment Growth However with the additional students we added back 6.2 certificated FTE and .6 EA FTE.
- ➤ Allocation Model The staffing allocation formula for schools pushes out equivalent FTE in the name of teaching staff. The school principals will determine how they will spend those resources whether it be on teachers or EAs. So a precise number of FTE is not possible at this time.
- ➤ PreK (PUF) adjusted the budget to reflect the actual in 2020-21 which is .5 less certificated FTE, 3.0 less EA FTE and .6 less clerical FTE.
- > Special Learning Supports (SLS) Due to the need for SLS the Division added an additional 6.4 EA FTE.
- > Play & Learn increased their EA FTE by 1.0 FTE.
- ➤ FSLW With the growing anxiety in families and students we have added .5 FSLW (Family School Liaison Workers).
- ➤ Information Technology Increased the Help Desk position by .2 FTE.

Net Totals:

- > Teachers reduction of 5.2 FTE.
- > Educational Assistants reduction of 8.6 FTE
- > Clerical reduction of .6 FTE
- > FSLW increase of .5 FTE, Other reduction .8 FTE

Grants and Other Revenue

INFORMATION

The source of funding for the School Division is primarily the Province of Alberta. Ninety-five percent (95%) of the Division's money comes from Grants, two percent (2%) from School Generated Funds and the remaining three percent (3%) from other sources such as fees, sales and interest.

In 2019 the Province completely restructured their Funding Model. From the Division's funding in 2018-19 (pre-restructure) we received a total of \$87,779,400 compared to 2020-21 (first year of the restructured model) at \$84,946,000, a net reduction of \$2,833,400 over the two year span. However, it should be noted that 2020-21 was slightly better than 2019-20 (the previous year) by \$540,700.

Our grants for 2021-22 are expected to be \$3.2 million or (4.1%) lower than they were prerestructuring. However about one-third of that decrease is due to a 2% decline in enrolment.

The impact of this loss in revenue was softened in 2020-21 due to two reasons the Federal COVID funding and the Province's decision to hold school divisions harmless. The Division will use some reserves to further delay the impact on our classrooms in 2021-22.

SALARIES AND BENEFITS

INFORMATION

The Division is the third largest employer in the city following the hospital (Alberta Health Services) and the City of Medicine Hat.

The Division employs over 400 teachers and close to 300 non-teaching staff.

The average salary costs (excluding benefits) for key staff positions for 2021-2022 is anticipated to be as follows:

Teachers	\$90,800
Educational Assistants	\$30,600
Clerical	\$41,400
Custodians	\$46,500
Caretakers	\$37,400

Salaries and benefits account for approximately 77% of the Division's operating budget.

The Division has three distinct employee groups:

- ➤ ATA Includes all teachers including classroom teachers, Principals, Vice-principals, Department Heads, etc.
- ➤ CUPE Includes Educational Assistants, Clerical and Custodial staff.
- Non-Union Group Includes most of Central Office staff and some of the staff in Facility Services.

TRANSPORTATION SERVICES

PROGRAM

The expenditures for the Transportation program are for services related to the transportation of students to, from and between schools.

Costs include the following:

- > Transportation Coordinator
- > Bus route design, review and mapping of routes
- Conveyance of students to and from school through various modes, including:
 - ♦ Contracted Yellow Bus services (Southlands)
 - ♦ ELP specialized services
 - ♦ City Handi-Transit services
 - ♦ Other specialized transit services
 - ♦ Parent conveyance

In 2014 the Division tendered the transportation services resulting in the following:

- ➤ Annual savings of \$ 1,288,000 over the first 5 years of the contract
- > A Fleet of new buses
- Environmentally friendly and quiet buses which run on propane
- ➤ Installation of video surveillance on all buses to enhance the safety and security of all students
- ➤ A service provider with considerable industry experience and commitment to the safe and efficient transportation of our most precious cargo ~ our children ~

SYSTEM ADMINISTRATION

The area of System Administration includes:

- Board of Trustees
- Office of the Superintendent, Human Resources and System Instructional Support
- Business and Finance

Trustees - Governance expenses pertain to the activities related to the work of the elected Board of Trustees. These include trustee honorariums, travel expenses and membership fees such as the Alberta School Boards Association (ASBA) and the Public School Boards Association (PSBA).

Superintendent - The Office of the Superintendent, Human Resources and System Instructional Support includes expenses related to the overall jurisdiction and the administration of it. This includes the Superintendent, the Deputy, Associate, and Assistant Superintendents and their support staff. The expenditures relate to system planning, staff planning and oversight, new programs, monitoring and evaluation of programs, schools, school administrators and staff.

Secretary Treasurer - Business Administration oversees all disbursements, payroll, general accounting and budgeting. The Secretary Treasurer, the Director of Finance, the Finance Department and support staff are all included in this area. Additional services include insurance oversight, legal services, as well as executive oversight of transportation and facility services.

EXTERNAL SERVICES

SERVICES

The area of External Services covers all other activities of the Division that are ancillary to the core educational services mandated under the School Act. External Services includes projects that are funded by ministries other than the Ministry of Education, as well as other non-educational Division services.

Services and programs include the following:

- ➤ My Place Project
- ➤ Helping Us Grow Project
- > Food services in our cafeterias
- > Grounds maintenance at Medicine Hat College.

The School Act mandates that these services can not be run at a loss and the Division is proud of the fact that we have always complied with this requirement.

CAPITAL BUDGET

CAPITAL BUDGET

While capital construction projects, such as new schools, are included in this area these projects are dependent on provincial prioritization and funding.

Capital expenditures also include:

- > furniture and equipment replacements
- > student desks
- > shop and CTS equipment
- > computers
- > printers
- > smart boards
- > servers and network infrastructure
- > security systems
- > PA systems
- > telephone systems
- > grounds equipment lawnmowers, etc.
- > vehicles
- > countless other items

Capital includes any item that will last more than one year and with a cost in excess of \$5,000.

Capital items are capitalized. This means that if an item is deemed to be a capital expenditure it does not appear immediately in the statement of operations (i.e. as an expense). Rather it is amortized (or expensed) over the assets estimated useful life.

RESERVE BUDGET

RESERVE BUDGET

Reserves are essentially unused or excess funds from prior operating budgets.

Reserves are grouped into two main categories:

- ➤ Operating Reserves
- > Capital Reserves

The Province mandates that once funds are put into Capital Reserves they must only be used on capital projects unless Ministerial approval is obtained.

The Division further identifies reserves as either:

- Committed or
- Discretionary

The Division determines that a reserve is committed - if it relates to a specific project or is being held for a committed purpose - such as School Generated Funds (SGF), school based budget carryovers and funds raised through fundraising initiatives.

Unrestricted Net Assets are similar to reserves in that they are unused funds from prior operating budgets. The difference is they have not yet been allocated to a specific reserve.

Reserve Management Notes: (to accompany the Reserve Budget on previous page)

- Note (1) This amount represents the Budgeted Operating Surplus/(Deficit).
- Note (2) The Unrestricted Net Assets balance should be adequate to cover any operating deficits, however the Board approves that the excess, if any, shall come out of the Board's Discretionary Operating Reserves or the Working Capital Reserve effective the respective year end.
- Note (3) This transfer is to transfer some of the excess unrestricted funds into Board Discretionary Reserves. This transfer will only be made to the extent it will not put Unrestricted Net Assets into a position of less than \$800,000.
- Note (4) The above transfers represent an estimated transfer to/(from) restricted unused school based budgets and commitments from prior years. The actual transfer will reflect actual carry forward balances at year end.
- Note (5) This transfer is to reflect any changes in SGF balances. A reserve must be set up to ensure these funds are kept for the respective schools. The balance of this reserve will equal the SGF included in net assets at year end (August 31).
- Note (6) The above transfers out of Capital Reserves are based upon budgeted Capital Expenditures. If costs are less than budget the draw from the reserve will be adjusted accordingly.
- Note (7) The above transfers into Capital Reserves are based upon unsupported budgeted amortization if actual amortization is different the Administration is authorized, at their discretion, to adjust to approximate the actual amortization numbers.
- Note (8) The above transfer represents a estimate of cost for Leasehold Improvements for the Pathways outreach program. The actual transfer will reflect actual cost of Leaseholds.
