OTHER FACTS

We have very limited knowledge of Ms. Bitz. It is our understanding that she was an only child and was never married, as a result she left no surviving husband or children.

She graduated from MHHS in 1974. She never attended college – went straight into the secretarial work force. She travelled to India a number of times where her aunt was a missionary. She had long term health issues which limited her activities.

We were unable to glean much information from the law firm as they had little information in their files and the lawyer who set up the has also passed.
