SCHOOL JURISDICTION MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

3050 The Medicine Hat School Division presented to Alberta Education have been prepared by school jurisdiction management which has responsibility for their preparation, integrity and objectivity. The financial statements, including notes, have been prepared in accordance with Canadian Public Sector Accounting Standards and follow format prescribed by Alberta Education.

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school jurisdiction's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that accounting records may be relied upon to properly reflect the school jurisdiction's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong system of budgetary control.

Board of Trustees ResponsibilityThe ultimate responsibility for the financial statements lies with the Board of Trustees. The Board reviewed the audited financial statements with management in detail and approved the financial statements for release.

The Board appoints external auditors to audit the financial statements and meets with the auditors to review their findings. The external auditors were given full access to school jurisdiction records.

Declaration of Management and Board Chair

To the best of our knowledge and belief, these financial statements reflect, in all material respects, the financial position, results of operations, remeasurement gains and losses, changes in net financial assets (debt), and cash flows for the year in accordance with Canadian Public Sector Accounting Standards.

INDEPENDENT AUDITORS' REPORT

To: The Board of Trustees of Medicine Hat Public Board of Education

Opinion

We have audited the financial statements of Medicine Hat Public Board of Education, which comprise the statement of financial position as at August 31, 2024 and the statements of operations, change in net debt, remeasurement gains and losses, and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements and related schedules present fairly, in all material respects, the financial position of the Division as at August 31, 2024, and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Division in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with

Canadian public sector accounting standards, and for such internal control as management determines is
necessary to enable the preparation of financial statements that are free from material misstatement, whether due
to fraud or error.

In preparing the financial statements, management is responsible for assessing the Division's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management intends to liquidate the Division or to cease operations, or has no realistic alternative by to do so.

Those charged with governance are responsible for overseeing the Division's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud and error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITORS' REPORT, continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 Division's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt of the Division's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Division to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes:

Custodial: All expenses related to activities undertaken to keep the school environment and maintenance shops clean and safe.

Maintenance: All expenses associated with the repair, replacement, enhancement and minor construction of buildings, grounds and equipment components. This includes regular and preventative maintenance undertaken to ensure components reach or exceed their life cycle and the repair of broken components. Maintenance expenses exclude

operational costs related to expensed Infrastructure Maintenance Renewal (IMR), CMR & Modular Unit relocations, as they are reported on separately.

Utilities & Telecommunications: All expenses related to electricity, natural gas and other heating fuels, sewer and water and all forms of telecommunications.

xpensed IMR, CMR & Modular Unit Relocation & Lease Payments: All operational expenses associated with non-capitalized IMR and CMR projects, modular unit (portable) relocation, and payments on leased facilities.

Facility Planning & Operations Administration: All expenses related to the administration of operations and maintenance including (but not limited to) contract administration, clerical functions, negotiations, supervision of

employees & contractors, school facility planning & project 'administration', administration of joint-use agreements, and all expenses related to ensuring compliance with

health and safety standards, codes and government regulations.

Unsupported Amortization & Other Expenses: All expenses related to unsupported capital assets amortization and interest on unsupported capital debt.

Supported Capital & Debt Services: All expenses related to supported capital assets amortization and interest on supported capital debt.

1. AUTHORITY AND PURPOSE

The Medicine Hat Public Board of Education is an independent legal entity with an elected Board of Trustees as stipulated in the Education Act (Alberta) and is operating as the Medicine Hat Public School Division (the Division). The Division is registered as a charitable organization under the *Income Tax Act* (Canada) and, therefore, is exempt from income tax and may issue official receipts to donors for income tax purposes.

The Division delivers education programs under the authority of the Education Act, 2012, Chapter E-0.3.

The Division receives funding for instruction and support under Education Grants Regulation (AR 215/2022). The regulation allows for the setting of conditions and use of grant monies. The Division is limited on certain funding allocations and administration expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with the Canadian Public Sector Accounting Standards (PSAS). The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

BASIS OF FINANCIAL REPORTING

a) Valuation of Financial Assets and Liabilities

The Division's financial assets and liabilities are generally measured as follows:

Financial Statement Component

Cash and cash equivalents

Accounts receivable

Portfolio investments

Accounts payable and other accrued liabilities

Asset retirement obligations and environmental liabilities

Measurement

Cost

Lower of cost or net recoverable value

Fair value and amortized cost

Cost Cost

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense. Transaction costs are a component of cost for financial instruments measured using cost or amortized cost. Transaction costs are expensed for financial instruments measured at fair value.

b) Financial Assets

Financial assets are assets that could be used to discharge existing liabilities or finance future operations and are not for consumption in the normal course of operations.

Financial assets are the Division's financial claims on external organizations and individuals, as well as cash and inventories for resale at the year end.

Cash And Cash Equivalents

Cash comprises of cash on hand and demand deposits. Cash equivalents are short-term, highly liquid, investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. Cash equivalents have a maturity of four months or less at acquisition and are held for the purpose of meeting short-term commitments rather than for investment purposes.

Accounts Receivable

Accounts receivable are recognized at the lower of cost or net recoverable value. A valuation allowance is recognized when recovery is uncertain.

Portfolio Investments

The Division has investments in GIC's, term deposits, bonds and equity mutual funds that have no maturity date or a maturity greater than four months. GIC's, term deposits and investments not quoted in an active market are reported at cost or amortized cost. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value. Discounts and premiums arising on the purchase of fixed income securities are amortized over the term of the investments using an effective interest method.

Derivatives and portfolio investments in equity instruments that are quoted in an active market are recorded at fair value and the associated transaction costs are expensed upon initial recognition. The change in the fair value is recognized in the Statement of Remeasurement Gains and Losses as a remeasurement gain or loss until the portfolio investments are derecognized. Upon derecognition, the accumulated remeasurement gains or losses associated with the derecognized portfolio investments are reversed and reclassified to the Statement of Operations.

Impairment is defined as a loss in value of a portfolio investment that is other than a temporary decline and is included in the Statement of Operations. In the case of an item in the fair value category, a reversal of any net remeasurement gains recognized in previous reporting periods up to the amount of the write-down is reported in the Statement of Remeasurement Gains and Losses. A subsequent increase in value would be recognized on the Statement of Remeasurement Gains and Losses and realized on the Statement of Operations only when sold.

Scholarship Endowment Funds are included in Financial Assets in the Consolidated Statement of Financial Position. Contributions and income pertaining to scholarship endowment funds are recognized on the Statement of Operations and must be held in perpetuity in accordance with the agreement with the donor. Provisions of the agreement require that a portion of the income is reinvested each year. The residual may be disbursed for the purposes of the scholarship. Undisbursed funds earned on endowment principal are recognized as deferred revenue or as revenue in the year to the extent that stipulations have been met. Donors have placed restrictions on their contributions to endowments, for example capital preservation. The principal restriction is that the original contribution should be maintained intact in perpetuity. Other restrictions may include spending investment income earned by endowments for specific operational/capital purposes or capitalizing a certain amount of investment income to maintain and grow the real value of endowments.

Detailed information regarding portfolio investments is disclosed in the Schedule 5: Schedule of Cash, Cash Equivalents, and Portfolio Investments.

Inventories for Resale

Inventories for resale are valued at the lower of cost and net realizable value. Cost is determined on first-in, first-out basis.

Other Financial Assets

Other financial assets are valued at the lower of the cost of expected net realizable value.

c) Liabilities

Liabilities are present obligations of the Division to external organizations and individuals arising from past transactions or events occurring before the year end, the settlement of which is expected to result in the future sacrifice of economic benefits. They are recognized when there is an appropriate basis of measurement and management can reasonably estimate the amounts.

Accounts Payable and Other Accrued Liabilities

Accounts payable and accrued liabilities include unearned revenue collected from external organizations and individuals for which goods and services have yet to be provided.

Deferred Contributions

Deferred contributions include contributions received for operations which have stipulations that meet the definition of a liability per Public Sector Accounting Standard (PSAS) PS 3200. These contributions are recognized by the Division once it has met all eligibility criteria to receive the contributions. When stipulations are met, deferred contributions are recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability.

Deferred contributions also includes contributions for capital expenditures, unspent and spent. Unspent Deferred Capital Contributions (UDCC) represent externally restricted supported capital funds provided for a specific capital purpose received or receivable by the Division, but the related expenditure has not been made at year-end. These contributions must also have stipulations that meet the definition of a liability per PS 3200 when expended.

Spent Deferred Capital Contributions (SDCC) represent externally restricted supported capital funds that have been expended but have yet to be amortized over the useful life of the related capital asset. Amortization over the useful life of the related capital asset is due to certain stipulations related to the contributions that require that the Division to use the asset in a prescribed manner over the life of the associated asset.

Employee Future Benefits

The Division provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The Division accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include multi-employer defined-benefit retirement plans, vested or accumulating sick leave, early retirement, retirement/severance, job-training and counseling, post-employment benefit continuation and various qualifying compensated absences.

Asset Retirement Obligations

Asset retirement obligations are legal obligations associated with the retirement of a tangible capital assets (TCA). Asset retirement activities include all activities relating to an asset retirement obligation.

These may include, but are not limited to;

- decommissioning or dismantling a tangible capital asset that was acquired, constructed or developed;
- remediation of contamination of a tangible capital asset created by its normal use;
- · post-retirement activities such as monitoring; and
- constructing other tangible capital assets to perform post-retirement activities.

A liability for an asset retirement obligation is recognized when, as at the financial reporting date:

- (a) there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- (b) the past transaction or event giving rise to the liability has occurred;
- (c) it is expected that future economic benefits will be given up; and
- (d) a reasonable estimate of the amount can be made.

When a liability for asset retirement obligation is recognized, asset retirement costs related to recognized tangible capital assets in productive use are capitalized by increasing the carrying amount of the related asset and are amortized over the estimated useful life of the underlying tangible capital asset. Asset retirement costs related to unrecognized tangible capital assets and those not in productive use are expensed.

Environmental Liabilities

Contaminated sites are a result of contamination of a chemical, organic or radioactive material or live organism that exceeds an environmental standard, being introduced into soil, water or sediment.

A liability for remediation of contaminated site may arise from an operation that is either in productive use or no longer in productive use and may also arise from an unexpected event resulting in contamination. The resulting liability is recognized net of any expected recoveries, when all of the following criteria are met:

- (a) an environmental standard exists;
- (b) contamination exceeds the environmental standard:
- (c) the Division is directly responsible or accepts responsibility;
- (d) it is expected that future economic benefits will be given up; and
- (e) a reasonable estimate of the amount can be made

<u>Debt</u>

Loans are recognized at their face value amount less unamortized discount, which includes issue expenses.

d) Non-Financial Assets

Non-financial assets are acquired, constructed, or developed assets that do not normally provide resources to discharge existing liabilities, but instead:

- (a) are normally employed to deliver government services;
- (b) may be consumed in the normal course of operations; and
- (c) are not for sale in the normal course of operations.

Non-financial assets include tangible capital assets, inventories of supplies and prepaid expenses.

Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost, including amounts directly related to the acquisition, design, construction, development, improvement or betterment of the asset. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset, and asset retirement cost.
- Donated tangible capital assets are recorded at their fair market value at the date of donation, except in circumstances where fair value cannot be reasonably determined, when they are then recognized at nominal value. Transfers of tangible capital assets from related parties are recorded at original cost less accumulated amortization.
- Construction-in-progress is recorded as a transfer to the applicable asset class at substantial completion.
- Buildings include site and leasehold improvements as well as assets under capital lease.
- Sites and buildings are written down to residual value when conditions indicate they no longer contribute to the ability of the Division to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. For supported assets, the write-downs are accounted for as reductions to Spent Deferred Capital Contributions (SDCC).
- Buildings that are demolished or destroyed are written-off.
- Tangible capital assets with costs in excess of \$5,000 are capitalized.
- Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the Division are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the Division's rate for incremental borrowing or the interest rate implicit in the lease.
- Tangible capital assets are amortized over their estimated useful lives on a straight-line basis, at the following rates:

 $\begin{array}{lll} \text{Buildings} & 25-50 \text{ years} \\ \text{Equipment} & 5-10 \text{ years} \\ \text{Vehicles} & 5-10 \text{ years} \\ \text{Computer Hardware \& Software} & 3-10 \text{ years} \\ \end{array}$

Prepaid Expenses

Prepaid expenses are recognized at cost and amortized based on the terms of the agreement or using a methodology that reflects use of the resource.

e) Operating and Capital Reserves

Certain amounts, as approved by the Board of Trustees, are internally or externally restricted for future operating or capital purposes. Transfers to and from reserves are recorded when approved by the Board of Trustees. Capital reserves are restricted to capital purposes and may only be used for operating purposes with approval by the Minister of Education. Reserves are disclosed in the Schedule of Net Assets.

f) Revenue Recognition

All revenues are reported on the accrual basis of accounting. Cash received for which goods or services have not been provided by year end is recognized as unearned revenue and recorded in accounts payable and other accrued liabilities.

Endowment contributions, matching contributions, and associated investment income allocated for preservation of endowment capital purchasing power are recognized in the Consolidated Statement of Operations in the period in which they are received.

Government Transfers

Transfers from all governments are referred to as government transfers.

Government transfers and associated externally restricted investment income are recognized as deferred contributions if the eligibility criteria for use of the transfer, or the stipulations together with the Division's actions and communications as to the use of the transfer, create a liability. These transfers are recognized as revenue as the stipulations are met and, when applicable, the Division complies with its communicated use of these transfers.

All other government transfers, without stipulations for the use of the transfer, are recognized as revenue when the transfer is authorized, and the Division meets the eligibility criteria (if any).

Donations and Non-Government contributions

Donations and non-government contributions are received from individuals, corporations, and private sector not-for-profit organizations. Donations and non-government contributions may be unrestricted or externally restricted for operating or capital purposes.

Unrestricted donations and non-government contributions are recognized as revenue in the year received or in the year the funds are committed to the Division if the amount can be reasonably estimated, and collection is reasonably assured.

Externally restricted donations, non-government contributions and realized and unrealized gains and losses for the associated externally restricted investment income are recognized as deferred contributions if the terms for their use, or the terms along with the Division's actions and communications as to the use, create a liability. These resources are recognized as revenue as the terms are met and, when applicable, the Division complies with its communicated use.

In-kind donations of services and materials are recognized at fair value when such value can reasonably be determined. While volunteers contribute a significant amount of time each year to assist the Division, the value of their services are not recognized as revenue and expenses in the (consolidated) financial statements because fair value cannot be reasonably determined.

Grants and Donations for Land

The Division records transfers and donations for the purchase of the land as a liability when received and as revenue when the Division purchases the land. The Division records in-kind contributions of land as revenue at the fair value of the land. When the Division cannot determine the fair value, it records such in-kind contributions at nominal value.

Investment Income

Investment income includes dividend and interest income and realized gains or losses on the sale of portfolio investments. Unrealized gains and losses on portfolio investments that are not from restricted transfers, donations or contributions are recognized in the (Consolidated) Statement of Accumulated Remeasurement Gains and Losses until the related investments are sold. Once realized, these gains or losses are recognized in the (Consolidated) Statement of Operations.

g) Expenses

Expenses are reported on an accrual basis. The cost of all goods consumed, and services received during the year is expensed.

Allocation of Costs

- Actual salaries of personnel assigned to two or more programs are allocated based on the time spent in each program.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

h) Program Reporting

The Division's operations have been segmented as follows:

- **ECS Instruction**: The provision of ECS educational instructional services that fall under the basic public education mandate.
- **Grades 1 12 Instruction**: The provision of instructional services for Grades 1 12 that fall under the basic public education mandate.
- **Operations and Maintenance:** The operation and maintenance of all school buildings and maintenance shop facilities.
- Transportation: The provision of regular and special education bus services (to and from school), whether contracted or board operated, including transportation facilities.
- System Administration: The provision of board governance and system-based / central office administration.
- External Services: All projects, activities, and services offered outside the public education
 mandate for ECS children and students in grades 1-12. Services offered beyond the mandate for
 public education are to be self-supporting, and Alberta Education funding may not be utilized to
 support these programs.

The allocation of revenues and expenses are reported by program, source, and object on the Schedule of Program Operations. Respective instruction expenses include the cost of certificated teachers, non-certificated teaching assistants as well as a proportionate share of supplies & services, school administration & instruction support, and System Instructional Support.

i) Trusts Under Administration

The Division has property that has been transferred or assigned to it to be administered or directed by a trust agreement or statute. The Division holds title to the property for the benefit of the beneficiary. Trusts under administration have been excluded from the financial reporting of the Division. Trust balances can be found in Note 16.

j) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The Division recognizes a financial instrument when it becomes a party to a financial instrument contract.

k) Measurement Uncertainty

The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgment. Actual results could differ from those estimates. Significant areas requiring the use of management estimates relate to the potential impairment of assets, rates for amortization and estimated employee future benefits.

There is measurement uncertainty related to asset retirement obligations as it involves estimates in determining settlement amount, discount rates and timing of settlement. Changes to any of these estimates and assumptions may result in change to the obligation.

3. CHANGE IN ACCOUNTING POLICY

Effective September 1, 2023, the school division adopted PS 3160 Public Private Partnerships (P3), PS 3400 Revenue and PSG-8 Purchased Intangibles prospectively, with the exception of P3 contracts entered prior to September 1, 2023, of which retroactive application is used without restating prior year comparatives. As a result prior year comparatives are not restated for revenue, purchased intangibles or P3 contracts.

Adoption of PS 3400 Revenue

There were no changes to the measurement of revenues on adoption of the new standard.

PSG-8 Purchased Intangibles

The Division also adopted the PSG-8 Purchased Intangibles Guideline. Changes made to the consolidated financial statements include:

Purchased intangibles are now recognized as assets in the financial statements when they meet
the asset definition and general recognition criteria. Prior to adoption, purchased intangibles were
expensed.

Adoption of PS 3160 Public Private Partnerships

Change were made to the Statement of Financial Position, Schedule 1 and Schedule 6 upon adoption of this standard, and reflect the following:

- The interest rate for calculating P3-related infrastructure assets changed from the Government of Alberta's borrowing rate for long-term debt to the implicit contract rate at the time of signing the P3 agreement.
- Adjustments made for P3 contracts entered prior to September 1, 2023 are reported in Statement
 of Financial Position, Schedule 1 and Schedule 6. Accordingly, the reported opening net book value
 of tangible capital assets has decreased by \$1,616,035.

4. FUTURE CHANGES IN ACCOUNTING STANDARDS

On September 1, 2026, School Jurisdiction will adopt the following new conceptual framework and accounting standard approved by the Public Sector Accounting Board:

The Conceptual Framework of Financial Reporting in the Public Sector

The Conceptual Framework is the foundation for public sector financial reporting standard setting. It replaces the conceptual aspects of Section PS 1000 Financial Statement Concepts and Section PS 1100 Financial Statement Objectives. The conceptual framework highlights considerations fundamental for the consistent application of accounting issues in the absence of specific standards.

PS 1202 Financial Statement Presentation

Section PS 1202 sets out general and specific requirements for the presentation of information in general purpose financial statements. The financial statement presentation principles are based on the concepts within the Conceptual Framework.

Management is currently assessing the impact of the conceptual framework and the standard on the (consolidated) financial statements.

Total	\$1,964,43	3 \$ -	\$1,964,433	\$ 1,469,576				

6. PORTFOLIO INVESTMENTS

Fair Value Hierarchy

All financial instruments measured at fair value are classified into one of the following levels, which reflect how fair value has been determined:

Level One: Fair value is based on unadjusted quoted prices in active markets for identical assets or liabilities traded in active markets. Level one primarily includes publicly traded listed equity investments.

Level Two: Fair value is based on valuation methods that make use of inputs, other than quoted prices included within level one, that are observable by market participation either directly through quoted prices for similar but not identical assets or indirectly through observable market information used in valuation models. Level two primarily includes debt securities and derivative contracts not traded on a public exchange and public equities not traded in an active market. For these investments, fair values are either derived from a number of prices that are provided by independent pricing sources or from pricing models that use observable market data such as swap curves and credit spreads.

Level Three: Fair value is based on valuation methods where inputs that are based on non-observable market data have a significant impact on the valuation. For these investments trading activity is infrequent and fair values are derived using valuation techniques.

Financial Risk Management

The Division is exposed to a variety of financial risks associated with the underlying securities held in the investment funds. These financial risks include credit risk, foreign currency risk, interest rate risk, price risk, and liquidity risk.

(a) Credit Risk

Counterparty credit risk is the risk of loss arising from the failure of a counterparty to fully honour its financial obligations with the Division. The credit quality of financial assets is generally assessed by reference to external credit ratings. Credit risk can also lead to losses when issuers and debtors are downgraded by credit rating agencies usually leading to a fall in the fair value of the counterparty's obligations. Credit risk exposure for financial instruments is measured by the positive fair value of the contractual obligations with counterparties. The fair value of all investments is directly or indirectly impacted by credit risk to some degree. The majority of the Division's investments in debt securities are with counterparties considered to be investment grade.

The Division is exposed to credit risk associated with the underlying debt securities held in investment funds managed by the Division. The following table summarizes the Division's investment in debt securities by counterparty credit rating at August 31, 2024:

(a) Credit Risk

	August 31	August 31
Credit Rating	2024	2023
Investment grade (AAA to BBB-)	100%	100%
Speculative grade (BB+ or lower)	0%	0%
Unrated	0%	0%
8	100%	100%

(b) Interest Rate Risk

The Division is exposed to interest rate associated with the underlying interest-bearing securities held in the investment funds. Interest rate risk relates to the possibility that the fair value of investments will change due to future fluctuations in market interest rates. In general, investment returns from bonds and mortgages are sensitive to changes in the level of interest rates, with longer-term interest-bearing securities being more sensitive to interest rate changes than shorter-term bonds.

(c) Price Risk

The Division is exposed to price risk associated with the underlying equity investments held in RBC PH&N investment funds. Price risk relates to the possibility that equity investments will change in fair value due to future fluctuations in market prices caused by factors specific to an individual equity investment or other factors affecting all equities traded in the market.

7. ACCOUNTS PAYABLE AND OTHER ACCRUED LIABILITIES

	2024	2023
Alberta Education - WMA	\$ 96,312	\$ -
Alberta Eduation - Other	53,979	96,881
Accrued vacation pay liability	308,197	294,453
Other trade payables and accrued liabilities	2,105,753	3,071,534
Unearned Revenue	-	-
ELP, Foreign Student Tuition & Hockey Fees	1,294,275	1,421,268
Total	\$ 3,858,516	\$ 4,884,136

8. BENEFIT PLANS

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

Current and past service costs of the Alberta Teachers Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the Division does not make pension contributions for certificated staff. The Government portion of the current service contribution to the Alberta Teachers Retirement Fund on behalf of the Division is included in both revenues and expenses. For the school year ended August 31, 2024, the amount contributed by the Government was \$3,936,684 (2023 - \$4,071,632).

The Division participates in a multi-employer pension plan, the Local Authorities Pension Plan. The Division is not responsible for future funding of the plan deficit other than through contribution increases. The expense for this pension plan is equivalent to the annual contributions of \$752,436 for the year ended August 31, 2024 (2023 - \$710,460). At December 31, 2023, the Local Authorities Pension Plan reported a surplus of \$15,057,000,000 (2022 - a surplus of \$12,671,000,000).

The Division provides non-contributory defined benefit supplementary retirement benefits to its executives.

The Division participates in the multi-employer supplementary integrated pension plan (SiPP) for members of senior administration. The plan provides a supplement to the LAPP or ATRF pension to a full 2% of pensionable earnings multiplied by pensionable service, limited by the *Income Tax Act*. The annual expenditure for this pension plan is equivalent to the annual contributions of \$40,685 for the year ended August 31, 2024 (2023 - \$45,360).

The non-registered supplemental executive retirement plan (SERP) is administered by the Division and provides an annual retirement benefits of 2% of total employee earnings. The cost of SERP is by the jurisdiction and is actuarially determined using the projected accrued benefit cost method with proration of service costs.

The Division does not have sufficient plan information on the LAPP/SiPP to follow the standards for defined benefit accounting, and therefore follows the standards for defined contribution accounting. Accordingly, pension expense recognized for the LAPP/SiPP is comprised of employer contributions to the plan that are required for its employees during the year, which are calculated based on actuarially pre-determined amounts that are expected to provide the plan's future benefits.

Employee future benefit liabilities consist of the following:

	2024	2023
Accumulating sick pay liability (non-vested)	272,900	288,700
Unregistered supplemental integrated pension plan (SiPP)	-	21,121
Personal professional development funds	518,160	561,886
Total	\$ 791,060	\$ 871,707

The Division offers an early retirement incentive plan to all eligible Teachers to a maximum of \$25,000. To be eligible, teachers must have been under contract for a minimum of 10 consecutive years and have achieved a Teacher Retirement Fund Index of 85 after turning 55 years of age. If the 85 factor is reached

prior to age 55, they become eligible at age 55. This is an event driven termination benefit and as such, no accrual is required.

The Division's contract with the Teachers Union allows for an auto renew 90-day sick plan policy. As the sick leave automatically renews, there is no accrual as it is an event driven compensated absence that does not vest or accumulate.

Effective September 1, 2013, the contract for the Educational Assistants, Custodial and Clerical staff came into effect which has a sick leave accrual of sixty-five days.

9. ASSET RETIREMENT OBLIGATIONS AND ENVIRONMENTAL LIABILITIES

Asset Retirement Obligations

	 2024	2023
Asset Retirement Obligations, beginning of year	\$ 3,486,766 \$	3,397,073
Revision in estimates	57,219	89,693
Asset Retirement Obligations, end of year	\$ 3,543,985 \$	3,486,766

Tangible capital assets with associated retirement obligations include buildings. The Division has asset retirement obligations to asbestos to remove hazardous asbestos fibre containing materials from various buildings under its control. Regulations require the Division to handle and dispose of the asbestos in a prescribed manner when it is disturbed, such as when the building undergoes renovations or is demolished. Although timing of the asbestos removal is conditional on the building undergoing renovations or being demolished, regulations create an existing obligation for the Division to remove the asbestos when asset retirement activities occur.

Asset retirement obligations are initially measured as of the date the legal obligation was incurred, based on management's best estimate of the amount required to retire tangible capital assets and subsequently remeasured taking into account any new information and the appropriateness of assumptions used. The estimate of the liability is based on third party consultants.

The ARO estimate is measured at its current estimated cost to settle or otherwise extinguish the liability. The division has measured AROs related to hazardous asbestos fibre containing materials at its current value due to the uncertainty about when the hazardous materials would be removed.

10. PREPAID EXPENSES

Prepaid Expenses consist of the following:

	2024	2023
Prepaid insurance	\$ 361,944	\$ 105,399
Prepaid software maintenance	510,427	452,122
Other	246,236	46,702
Total	\$ 1,118,607	\$ 604,223

11. OTHER NON-FINANCIAL ASSETS

Other non-financial assets consist of the following:

Alberta Canital Finance Authority Share	202	24	2023
Alberta Capital Finance Authority Share	\$	20	\$ 20
Total	\$	20	\$ 20

12. NET ASSETS

Detailed information related to net assets is available on the Schedule of Net Assets. Accumulated surplus may be summarized as follows:

	2024	2023
Unrestricted surplus	\$ 565,581	\$ 1,385,576
Operating reserves	4,190,000	4,325,300
Accumulated surplus (deficit) from operations	\$ 4,755,581	\$ 5,710,876
Investment in tangible capital assets	11,134,451	11,441,833
Capital reserves	2,646,000	3,539,100
Endowments*	2,214,099	2,152,749
Accumulated remeasurement gains (losses)	181,307	28,524
Accumulated surplus (deficit)	\$ 20,931,438	\$ 22,873,082

Accumulated surplus (deficit) from operations (ASO) include funds of \$1,508,700 that are raised at school level and are not available to spend at board level.

The Division has recorded a provision for employee future benefits. Since this provision reflects estimated future obligations, it is not required to be funded from current operations.

The Division's adjusted surplus (deficit) from operations is calculated as follows:

	2024	2023
Accumulated surplus (deficit) from operations Add: Non-vesting accumulating employee future benefits charged to	\$ 4,755,581	\$ 5,710,876
accumulated surplus	272,900	288,700
Deduct: School generated funds included in accumulated surplus (Note 17)	1,508,700	1,312,600
Adjusted accumulated surplus (deficit) from operations**	\$ 3,519,781	\$ 4,686,976

13. ENDOWMENTS

Endowments represent principal amounts contributed for student scholarships. The conditions of the endowment agreement are such that principal amounts must be held in perpetuity in accordance with stipulations placed by the contributor. Endowment assets are held in portfolio assets.

14. CONTRACTUAL OBLIGATIONS

A	2024					
Building projects	\$ 119,267	\$	170,362			
Building leases	127,086		86,868			
Service providers	12,746,753		3,591,385			
Total	\$ 12,993,106	\$	3,848,615			

Estimated payment requirements for each of the next five years and thereafter are as follows:

		Building Projects		Projects		•		Building Leases	Service Providers
2024-2025	\$	119,267	\$	49,452	\$ 3,760,630				
2025-2026		_		52,014	2,131,968

15. CONTINGENT LIABILITIES

- i) The Division is a member of an Urban School Insurance Consortium (USIC). A portion of the premiums paid each year represents equity contributions to the insurance fund. These payments have been recorded as expenses in the financial statements as the value of equity is subject to liability claims. As at August 31, 2024 the Division's equity portion is \$406,323 (2023 \$223,939).
- ii) The Division, in conduct of its normal activities, is a defendant in various legal proceedings. While the ultimate outcome of these proceedings cannot be predicted at this time, it is the opinion of the Division's administration that adequate provision for these proceedings has been made in the Division accounts. It is believed that the resolution of the proceedings will not have a material effect on the financial position of the Division; however, should any additional losses result from the resolutions of these proceedings, such amounts would be expensed as the related amounts become known to the Division.

^{*} Terms of the endowments stipulate that the principal balance be maintained permanently. Investment income of \$121,174 (2023 - \$123,866) is externally restricted for scholarships and is included in deferred contributions.

^{**} Adjusted accumulated surplus (deficit) from operations represents funding available for use by the Division after deducting funds committed for use by the schools.

iii) The Division is contingently liable for corporate credit cards issued with a combined authorized credit limit of \$500,000 (2023 - \$536,000).

16. TRUSTS UNDER ADMINISTRATION

The Division administers trust funds on behalf of the beneficiaries specified in the agreement or statute. These amounts are held on behalf of others with no power of appropriation and, therefore, are not reported in these financial statements.

On August 31, 2024 trust funds under administration were as follows:

	2024			2023	
Scholarship trusts	\$	109,918	\$	104,069	
Total	\$	109,918	\$	104,069	

17. SCHOOL GENERATED FUNDS

	2024	2023
School Generated Funds, Beginning of Year	\$ 1,312,600	\$ 1,364,400
Gross Receipts:		
Fees	871,000	862,872

School Generated Funds, End of Year	\$ 1,508,748	\$ 1,312,543
Balance included in Accumulated Surplus (Operating Reserves)	\$ 1,508,700	\$ 1,312,600

18. RELATED PARTY TRANSACTIONS

Related parties are those entities consolidated or accounted for on the modified equity basis in the Government of Alberta Consolidated Financial Statements. Related parties also include key management personnel in the Division and their close family members.

All entities that are consolidated in the accounts of the Government of Alberta are related parties of school jurisdictions. These include government departments, health authorities, post-secondary institutions and other school jurisdictions in Alberta.

ii) MEDICINE HAT PUBLIC SCHOOLS' EDUCATION FOUNDATION

The Division provides certain administrative services and occupancy at no cost to the Medicine Hat Public Schools' Education Foundation.

19. ECONOMIC DEPENDENCE ON RELATED THIRD PARTY

The Division's primary source of income is from the Alberta Government. The Division's ability to continue viable operations is dependent on this funding.

20. BUDGET AMOUNTS

The budget was prepared by the Division and approved by the Board of Trustees on May 23, 2023. It is presented for information purposes only and has not been audited.

21. APPROVAL OF FINANCIAL STATEMENTS

These financial statements were approved by the Board of Trustees.

School Jurisdiction Code: 3050
